

ihmc ROBOTICS CAMP 2025

BUILD AND PROGRAM ROBOTS!

IHMC's 2025 Summer Robotics Camp will offer students the opportunity to learn about computer programming and robotics. Campers will work in teams to master Lego Mindstorms challenges. They will further develop their teamwork skills, confidence in problem solving, and creativity. Campers will hear short presentations about state-of-the-art research at IHMC, and they will have the opportunity to eat lunch in a small group with a research scientist. In Pensacola, camp includes a tour of the robotics lab.

SESSIONS

1

Pensacola Session 1: Rising 8th Graders
June 2–5, 9:30 a.m. – 3 p.m.

2

Pensacola Session 2: Rising 9th and 10th Graders
June 9–12, 9 a.m. – 3 p.m.

DETAILS

Each session costs \$225. Students should select one camp session (only) based on grade level. Space is limited to 20 participants per session. Financial assistance may be available, for qualified candidates. Acceptance is on a first-come, first-served basis, with preference given to students who have not attended in a prior year. With sufficient interest, IHMC may offer a third session.
